

COMPETITIVE MOVES

Private Eyes Inc. Teams with e-VERIFILE.COM To Get the EVI-Advantage

e-VERIFILE.COM Inc. (EVI), a leading provider of Web-based people management solutions, announced today that California-based **Private Eyes Inc.**, has signed up to participate in the **EVI-Advantage Partnership Program**. Private Eyes participation makes it the second company to join e-VERIFILE's program since it was launched in May. "The addition of the Applicant Tracking System enhances our Pre-Employment Screening Suite of Services." said Sandra James, President of Private Eyes. "In our research to partner with an ATS Company we found e-VERIFILE to be user friendly and cost effective for our price conscious clients," James added. As an EVI-Advantage Partner, Private Eyes will be able to offer its clients private-label versions of e-VERIFILE's Web-based administrative support solutions such as talent recruitment and applicant tracking, workplace credentialing and more. Each solution is web-based and requires no additional equipment or software.
