

New Site Launched for Background Screening & HR/Staffing Industry

by TMT Newswire

Atlanta's e-VERIFY.COM Inc, a leading provider of web-based People Management Solutions, today launched evi-advantage.com to promote The EVI-Advantage Partnership Program. The Program was designed to assist background screening companies, data providers; professional employment organizations (PEO), HR/staffing companies and others realize higher margins through re-sale opportunities with e-VERIFY.COM.

Companies that join the partnership program will be able to offer their clients private-label versions of e-VERIFY's administrative support solutions such as Automated Talent Recruitment and Applicant Tracking, Workplace ID Credentialing and more. Each solution is web-based and requires no additional equipment or software. Participating companies are provided with an online user Interface that their clients can use to access each solution. The interface can be easily customized to reflect the unique branding of each company, resulting in a more seamless user experience for their clients.

Interested companies operating in the HR Support Industry are encouraged to visit the website at evi-advantage.com or contact an e-VERIFY.COM representative at 770-859-9899.

About e-VERIFY.COM INC.
