PRESS RELEASE

The United Illuminating Company to Utilize UtilitySafe

FOR IMMEDIATE RELEASE:

ATLANTA- July 24, 2010– The United Illuminating Company (UI) is now a subscriber to **UtilitySafe** – a unique service from e-VERIFILE.COM Inc. that assists Utilities and related businesses with workplace safety/security management.

UI is a New Haven-based regional electric distribution company serving more than 324,000 residential, commercial and industrial customers in the Greater New Haven and Bridgeport Connecticut areas.

UI administrators will be able to utilize UtilitySafe to manage routine workforce tasks involving personnel screening, resource management, compliance awareness and workplace credentialing. The entire process is managed from one web-based platform which is accessible via utilitysafe.com. The service requires no additional software or equipment and can be securely accessed from any PC.

"UtilitySafe can be a big help to utilities like UI," says **Steve Schutz**, Senior Client Consultant at e-VERIFILE.COM. "Our service can assist in complying with industry standards like the **North American Electric Reliability Company's CIP-004** requirements for contractor screening," Schutz added.

UtilitySafe is just the latest in a line of Custom Administrative and Risk Assessment Systems (**CAMRAS**) developed by e-VERIFILE.com. CAMRAS enables administrators to streamline their workplace safety and security management efforts via compliance programs that they create in the system. "We are thrilled to be working with a company like UI who takes regulatory compliance very seriously", says Devon Wijesinghe, e-VERIFILE's Chief Strategy Officer "CIP 4 is the second most violated NERC standard in the industry and together with partners like UI we can drastically reduce that statistic" Wijesinghe concluded.

For more on information on **UtilitySafe** please contact **Steve Schutz**, Managing Client Consultant at [520-393-8342](tel:520-393-8342).
